Leg Fat and Albuminuria  
Diabetes Fact Sheets in Korea, 2018

- The official journal of the **Korean Diabetes Association**.
- It is published **bimonthly**, with articles in English accepted through the process of peer review.
- The aims of the Journal are to contribute to the cure of and education about diabetes mellitus and the advancement of diabetology through the sharing of scientific information on the latest developments in diabetology among members of the Korean Diabetes Association and other international societies.

# Diabetes & Metabolism Journal (DMJ)

---

- The Journal publishes **articles on basic and clinical studies**, focusing on areas such as **metabolism, epidemiology, pathogenesis, complications, and treatments relevant to diabetes mellitus.**
- It also publishes articles covering **obesity and cardiovascular disease.**
- Articles on translational research and timely issues including ubiquitous care or new technology in the management of diabetes and metabolic disorders are welcome.
- Manuscripts are categorized as original articles, reviews, brief reports, short communications, commentaries, or letters to the editor.

# Diabetes & Metabolism Journal (DMJ)

- **Article-Processing Charge**

- Effective from January 1, 2019, an **article processing charge of \$500** will be applicable for articles accepted for publication in the Diabetes & Metabolism Journal. Submission of the article to the journal can be completed once the payment method has been agreed. Any applicable article processing charge must be paid prior to publication.

- **NOTE:** The article processing charges are waived for articles from low income countries.

Low income countries:

(<https://datahelpdesk.worldbank.org/knowledgebase/articles/906519>)

Invited review articles are exempt from article charges.

# DIABETES & METABOLISM JOURNAL

(JCR Endocrinology & Metabolism category-SCIE)

## Leading Journal in Asia

Considering your research in related areas, we cordially invite you to submit a paper to Diabetes & Metabolism Journal.

## 2018 Impact Factor

2018 impact factor was **3.263** in Journal Citation Reports (JCR)

## Official Journal of Korean Diabetes Association

Diabetes & Metabolism Journal is an international, peer-reviewed, open access, online journal, publishing original research, reviews, and commentaries on all areas related to diabetes mellitus and metabolism. For more information, please visit the journal homepage:

<https://e-dmj.org/>

## Indexed/Tracked/Covered

It is indexed in PubMed, PubMed Central, SCOPUS, EMBASE, Ebsco, DOI/CrossRef, Directory of Open Access Journals (DOAJ), KoreaMed, KoMCI, KoreaMed Synapse, KCI, ScienceCentral, and Google Scholar.

**DMJ is an OPEN ACCESS journal dedicated to the latest advancement of diabetology and metabolism research**

Topics : Pathophysiology, Complications, Islet studies and transplantation, Genetics, Epidemiology, Obesity and metabolic syndrome, Clinical care/Education, Clinical diabetes & therapeutics, Cardiovascular diseases and Others
